## File Formats

In most cases we recommend that you supply work as .PDF or Postscript files because they're likely to be the most trouble-free and are the most economic option. But our prepress department can cope with work in practically any format you choose, and we continue to be able to deal with camera ready copy and film as well as with digital files. These are some other file formats we're used to handling

### Mac

Quark Xpress

Adobe PageMaker

Adobe InDesign

Adobe Illustrator

Adobe Photoshop

### PC

Quark Xpress

Adobe PageMaker

Adobe InDesign

Corel

Microsoft Word
