

# PICCADILLY PRECISION ENGINEERING Co.

## ADJUSTABLE SNAP GAUGES

Snap gauges are convenient instruments for the checking of mass produced components with speed and precision. Piccadilly Adjustable Snap Gauges conform to IS 7606 -1982 and are available as Type "C" shown above. A single Snap Gauge can facilitate different size adjustments and thereby inventory reduction. One Adjustable Snap Gauge replaces a number of fixed gauges resulting considerable cost savings.

### FEATURES

Shell moulded stress relieved cast iron frame, stippled paint finish for attractive appearance and performance.

Hardened, ground and lapped anvils.

Once set, cannot be disturbed easily.

Positive locking of pins due to reverse taper (I.e. Size remains unchanged).

Checks multiple forms and inter relations

### TECHNICAL SPECIFICATIONS

Parallelism                      3 um up to 32 mm                      4 um up to 89 mm                      5 um up to 300 mm  
 Flatness of anvil              1.5 um
