Wires

Cut and prepared wires - semi and fully automated cutting, stripping and tinning for single wires and multi-core cables. We are able to supply assemblies from 0.114mm² - 240mm².

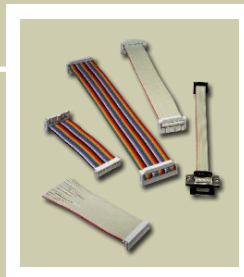

Crimp Assemblies

We have automatic and semi-automatic machines that can process, a vast array of well known terminal types from the following suppliers: Stocko, Tyco-Amp, JST, Molex, Yasaki, Chembre, Takbro.

Ribbon Assemblies

We can process many types of ribbon assemblies such as IDT, IDC, and crimp assemblies. Our Kioos automatic machine is capable of producing single end IDT assemblies automatically.

Control Panel and Box Assemblies

We manufacture a wide range of control panels and box assemblies for many market sectors.

Material Cutting Service and Heavy Duty Cables Assemblies

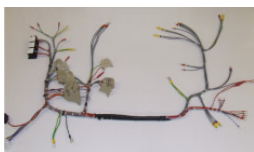

Our material cutting service can process many types of assemblies such as:

- ✂ HEATSHRINK
- ✂ PVC
- ✂ RUBBER
- ✂ CONDUIT
- ✂ DIN RAIL AND TRUNKING

We also process heavy duty cable assemblies from 16mm² - 240mm², terminated, or just cut and stripped.

Vehicle Wiring Looms & Harnesses including Light Assemblies

Our vehicle wiring looms vary from simple flat twin side marker assemblies to complex vehicle assemblies. Utilising many types of

process and materials, we can provide the exact requirements to meet our clients' needs.

Screen Printing

Our in house screen printing and engraving department that supports our panel assembly section.
