FM36179

Ball Standards

Direct from our manufacturing business, Kee Safety is pleased to offer Ball Standards in both finished and semi-finished formats together with handrail return bends.

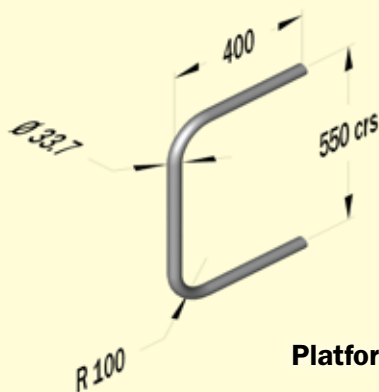

Hot dip Galvanised finished Standards are constructed from 42.4mm diameter tube complete with balls suitable for 33.7mm diameter handrailing.

Balls are drilled and tapped, and fitted with stainless steel M8 socket setscrews. Base plates are complete with two 18mm diameter holes to suit M16 fixing bolts.

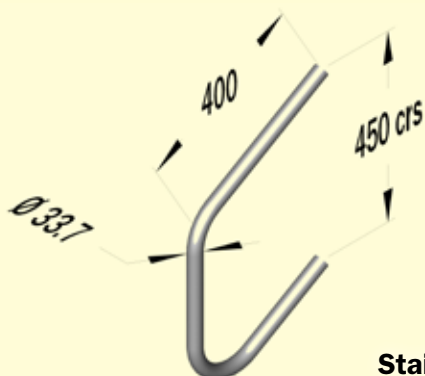

- **Self colour Sticks from stock**
- **Sticks Hot dip Galvanised ready**
- **KEE KLAMP types 62, 64, 65, 68, 69 & 115 bases for Sticks**
- **Hot dip Galvanised Standards from stock**
- **38° and 42° Staircase Standards from stock**
- **Standards complete with stainless steel setscrew in each ball**
- **Other diameters and formats available, please send details for quote**
