

MILLER REVOLUTION HARNESS

A QUANTUM LEAP IN DESIGN,
INNOVATION AND 21ST CENTURY
SAFETY TECHNOLOGY

Based on key, user-identified
needs, Miller developed a
new range of fall protection
harnesses that meet
and/or exceed expectations
of users well versed in the
delicate balance of safety
and functionality while
working at height.

New!

- Reinventing the full body harness
- Redefining comfort levels
- Reinforcing durability
- Reaffirming on-site compliance
- Reducing user fatigue

MILLER REVOLUTION HARNESSES & ACCESSORIES

New! MILLER REVOLUTION HARNESS

THE TURNING POINT
IN HARNESS DESIGN!

MILLER

A HARNESS FOR EACH APPLICATION

MILLER REVOLUTION CONSTRUCTION AND MAINTENANCE HARNESSSES

With more than 26 million workers depending either directly or indirectly on the European Construction Industry, the robust Miller Revolution harnesses are ideal for scaffolding, steel erection, tower building and maintenance thanks to the unique Revolution technology and a multitude of key features.

The PivotLink™ connections are located at waist level for a better ergonomic fit when bending or squatting :

Key features include :

- Dorsal D-ring and front anchorage loops
- PivotLink™ connections at waist level
- Integrated accessory system
- Cam buckle adjustment and web finials
- Self contained label pack
- Standard or quick-fixing buckles

R1 MILLER REVOLUTION BASIC

The heavy-duty harness for unrivalled comfort and freedom of movement

- With standard fixing buckles

R2 MILLER REVOLUTION COMFORT

A quick-fitting harness with protective back shield

- Quick-fixing buckles for ease-of-fit
- ErgoArmor™ Back Shield for added protection

R3 MILLER REVOLUTION PREMIUM

Quick-fixing buckles for ease-of-fit

- Quick-fixing buckles for ease-of-fit
- ErgoArmor™ Back Shield for added protection
- Work positioning belt

MILLER REVOLUTION TELECOMS AND UTILITIES HARNESSSES

Telecommunications is one of the largest users of fall protection equipment in Europe. The Revolution Telecoms & Utilities harness offers a secure hands-free position and full freedom of movement thanks to a rotating belt.

The PivotLink™ connections are located at hip level for a smoother movement during ascent and descent: The ultimate solution for Telecoms, Windpower and electricity :

Key features include

- Dorsal D-ring and front anchorage loops
- ErgoArmor™ Back Shield for added protection
- Integrated accessory system
- Quick fixing or standard buckles
- PivotLink™ connections at hip level
- Pivoting work positioning belt for greater freedom of movement and reach
- Cam buckle adjustment and web finials
- Self-contained label pack

R4 MILLER REVOLUTION TELECOM & UTILITIES HARNESS

- Standard buckles

R5 MILLER REVOLUTION PREMIUM TELECOM & UTILITIES HARNESS

- Quick fixing buckles

ENGINEERED WITH 8 UNIQUE COMPONENTS AND MORE THAN 11 KEY PRODUCT FEATURES

CAM BUCKLE

Easy, one-hand adjustment/release allows simultaneous adjustment of shoulder straps

- Promotes proper snug fit; will not slip or misadjust
- Constructed of high-tech polymer, lightweight aluminum and stainless steel materials that resist rust/corrosion
- Independent adjustment of upper and lower torso to accommodate seasonal clothing

WEB FINIALS

Clip-on design safely organises webbing after proper adjustment

- Constructed of durable, high-impact resistant polymer
- Provides positive gripping surface for easy web adjustment

SELF-CONTAINED LABEL PACK

Integrated pack encapsulates labels minimizing damage and loss

- Conveniently positioned on the chest for easy access
- Durable, polymer construction for extended service life
- Integrated and oversized pull-free lanyard rings

INTEGRATED ACCESSORY SYSTEM

Modular attachment design provides connection points for tools & accessories

- Attach/remove accessories for greater comfort and convenience
- Designed to distribute the weight of accessories across the hips and shoulders for comfort and mobility
- Optional universal attachment clips available

AVAILABLE WEBBING OPTIONS

CUSTOM IDENTIFICATION

Four brightly-coloured, permanent labels allow customization for date of service, specific trade, sub-contractor, etc. A write-in window allows space for individual names or other information.

ERGOARMOR™ BACK SHIELD

Semi-flexible back shield minimizes impact from sharp/ heavy snap hooks and self-retracting lifelines

- Self-adjusting channels conform to a variety of body shapes
- Padding conforms to unlimited back contours while allowing superior air flow
- Knitted mesh membrane minimizes moisture absorption and maintains optimal air circulation; helps position back D-ring correctly for 95% of workers
- Specially-designed recesses in back shield accommodate custom identification

PIVOTLINK™ CONNECTION

Unique rotary design provides greater comfort in bending/mobility

- Better ergonomic fit with unique waist rotation point for bending (Construction & Maintenance models) or hip rotation point for climbing (Telecom & Utilities models)
 - Independent adjustment of upper and lower torso
- Provides attachment point for tools / accessories
 - Lightweight aluminum and stainless steel construction resists rust/corrosion

AVAILABLE WEBBING OPTIONS

DualTech™ Webbing

Donning made easy with two-sided, contrasting colour webbing and textures

- Webbing engineered with shape retention memory for a more comfortable fit
- Unique circular tack provides greater strength, and contrasting colours make inspection easier

DuraFlex® Webbing

Patented, elastomer webbing specially formulated to stretch with the user's movements so there is no bunching or binding.

- Promotes 100% wear time.

Patent N° EP-B0902710.

INTEGRATED ACCESSORY SYSTEM

The PivotLink™ Connection provides an attachment point for a multitude of accessories and individual tool pouches with an innovative design that accommodates:

- Tools, mobile phones, water bottles and more
- Accessories are easily attached and detached – distributing weight across the hips and shoulders for a more comfortable fit and greater mobility
- Universal attachment clips that fit on your existing accessories or tool rig and easily attach/detach

1. Accessories have a female clip that attaches and locks over the male connection point
2. Once attached, the accessory pivots to maintain a level position
3. Easily remove and/or change accessories for convenience by simply lifting from connection point

AVAILABLE ACCESSORIES

Mini or Regular Mobile Phone/Radio Holders

Water Bottle Holder (Bottle not included)

Medium or Large Open Bolt & Bull Pin Bag

2 Pocket Nail & Tool Pouch

OPTIONAL PADDING

Shoulder/Leg Pads
