

Commercial Doors

About JP Corry Door Division

JP Corry – the Complete Door Supplier

At JP Corry we don't just sell doors but provide complete customer focused solutions based on years of experience within the door industry.

JP Corry has its own door production unit based in Belfast. Constant investment in manpower and utilising state of the art machinery keeps the JP Corry brand at the forefront of the specifiers mind.

JP Corry combines this investment with its experienced and knowledgeable team to produce doors and frames to the highest specification.

JP Corry doors have been used in the following high profile and diverse locations: Royal Victoria Hospital, Belfast; Lyric Theatre, Belfast; Giant's Causeway Visitor Centre, Bushmills; Clare House (Government Building), Belfast; ASDA, Portadown and St Mary's Primary School, Dublin.

Product Finishes

Doors are available from JP Corry in the following finishes:

- Paint grade
- Veneered
- Laminate Faced – standard colours
- Laminate Faced – wood grains & specials

Paint Grade Doors

Paint grade doors create a perfect backdrop to any scheme. The doors can be supplied unfinished or with a factory applied primer.

Veneered Doors

A wide selection of timber finishes are available from oak to maple, walnut to ash JP Corry also offers the option of quarter cut and crown cut grains.

Laminate Faced Doors

These hard-wearing, heavy duty doors are most popular in commercial situations. These doors can be supplied with hardwood lipping to 2 or all 4 edges. All laminates used are manufactured to EN438.

Other colours are available from JP Corry. Please contact the doors department for more information.

DOORSETS

JP Corry doorsets include a fully finished door leaf and frame set and are supplied with all accessories including seals, hinges and lockcases all factory fitted. Doorsets offer a series of benefits:

- Fast site installation
- Product damage minimised on site
- Complete package, prepared and ready to use
- Tested, approved and certificated as one assembly
- Factory glazing
- Recessing for pivots and concealed door closers for double acting doorsets
- Reduced risk of errors

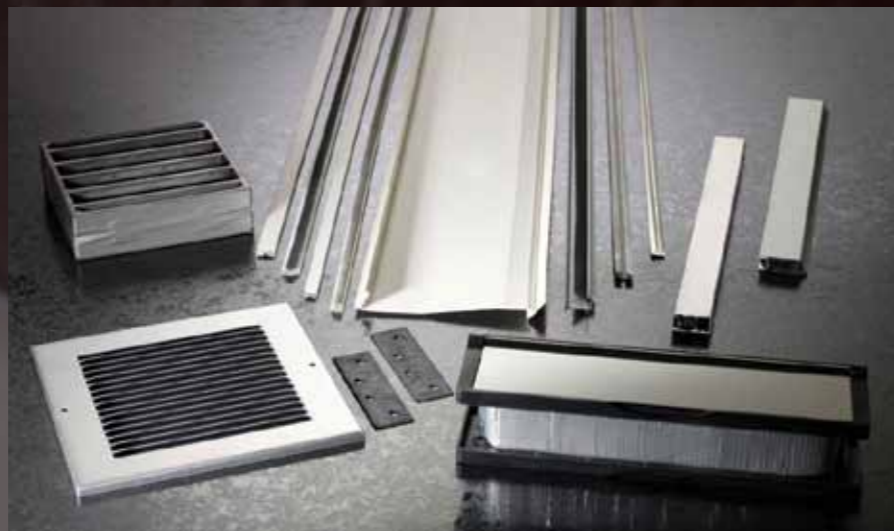

Architectural Ironmongery

JP Corry works closely with architects, specifiers and end users to provide a total solution to suit each individual project. With fully GAI qualified staff each product is selected to meet the performance, aesthetic and budgetary requirements of every project.

We offer a full range of Architectural Ironmongery including hinges and pivots, door closers, intumescent, locks and cylinders, door furniture and panic hardware – all from some of the biggest brand names in the industry.

So whether you are an architect, contractor or Housing Association we can offer a depth of service catering for all your requirements.

We are committed to the highest level of customer service, and sensitive to economic pressures our quality product portfolio is offered with a cost effective pricing strategy.
