In our product descriptions we use the following abbreviation:

Nom = Timber size before machining

Fin = Finished size after machining.

We reserve the right to alter profiles and specifications without notice.

Please note that the colours represented for Cedar and Hardwoods are purely for identification purpose only and not to be used as an accurate likeness.

Why choose Covers

Covers vision is to be our customers' preferred supplier of timber, building and allied materials...

We aim to achieve this in various ways...

- By building lasting partnerships with you, our customer - meeting your requirements promptly, courteously, efficiently and professionally.
- By ensuring that the quality of our service and products give us a leading edge in the market.
- By maintaining a competitive advantage, embracing leading production and operational methods and investing in constructive change.
- By supplying a wide range of quality goods, either from our own stocks or direct from suppliers, at competitive prices.
- By providing technical advice on all products we supply.
- By creating an environment where everyone feels valued and experiences job satisfaction through teamwork and continuing individual development.
- By recruiting and retaining the highest quality staff as an equal opportunities provider.

The mark of responsible forestry

To obtain an estimate or to place an order there are four easy options:

1. Visit your local depot.
2. Telephone your local depot.
3. Fax your request or order to your local depot.
4. Email your local depot with your request or order.

Please note we accept: Mastercard, Maestro, Visa Credit and Visa Debit. Depots details and account information are on the reverse of this brochure.

Our Environmental Policy

- Seek to prevent pollution
- Seek to minimise waste
- Identify and manage environmental risk and hazards
- Identify and influence the choice of construction materials and working methods
- Plan best practice working
- Make better use of the working environment
- Make better and efficient use of resources
- Set environmental standards
- Promote and provide environmental training
- Encourage pro-active participation in environmental activities
- Avoid material waste, water waste, energy waste, vehicle waste, labour waste
- The company is committed to an environmental policy and seeks continuous improvement in performance
- In our organisation there is a continuous learning curve
- We are FSC® and PEFC certified and purchase the majority of our timber from approved managed certified forests

Specialist machinery - Skilled craftsmen

Our milling facilities in Chichester can produce specialist, planed sections and mouldings in hardwood and softwood, to your own pattern and finished sizes.

Regardless of the dimensions and shape, our experienced craftsmen, with a cumulative experience of over 100 years, have the skill to do the job using specialist machinery.

We machine from architects' or customers' own drawings.

In addition to producing over 200 different types of prepared mouldings and planed sections for our own stocks, our modern mills produce specialised products to satisfy customers' specific requirements to order. Our modern technology and machinery allows us to process any size of order easily and quickly.

Production is an all in-house affair.

COVERS controls the job throughout. From the preparation of drawings, to templates, to the making of the high speed steel cutters, the setting up of the machines and to the production itself. It's all done by us.

We have produced scores of special mouldings, including Georgian and Victorian for many famous buildings from Arundel and Windsor Castle to Petworth House. All have required special patterns of skirting, architraves, picture rails, dado rails and very ornate plate rails.

COVERS commitment, in tune with the environment.

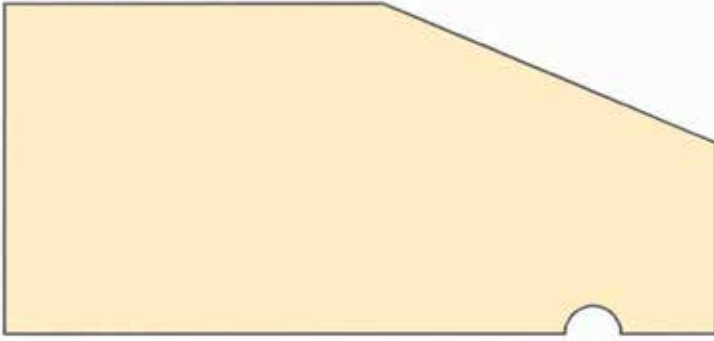

COVERS is committed to an Environmental Timber Purchasing Policy & Code of Conduct. We are members of FSC® and PEFC. This means that we source and buy our timber products from sustainable and well managed forests.

The moulding machine at Quarry Lane being set up for a production run. Inset shows examples of typical cutting heads.

Other Products

Timber

Our reputation as the South of England's Timber Specialists has been built on providing our customers with an unrivalled range of quality timber, knowledgeable staff and a reliable delivery service. We import timber direct from well managed and sustainable forests and offer FSC® and PEFC certified goods wherever possible. Our investment in special milling technology allows us to make the claim..... "If you can draw it, we can produce it". We can provide priming, sheet and aperture door cutting; stress grading and timber treatment systems to ensure our timber will meet your specification. We can also treat timber for both internal and external applications.

Softwood Range

Kiln dried and graded carcassing • Preservative treatment • CLS studding • Treated battens • Scaffold boards
Cedar shingles Shiplap and TGV • PAR and mouldings • Top grade sawn Redwood • Decking • Flooring

Hardwood Range

European Oak • Tulipwood • Iroko and Utile • Sapele and Meranti • American White Oak and Ash • American Cherry
White Beech • Steamed Beech • Idigbo • American Black Walnut

Heavy Building Materials

Building on our experience as a leading independent supplier of heavy and related building materials, we have a great understanding of both trade and retail needs. Our knowledgeable staff can source almost any item for you and give advice on the most suitable products to use. We offer a consistently reliable delivery service from stock and provide a direct sales service. Our quotation departments provide a fast response for enquiries for direct to site loads and ex-depot trade. Aggregates are available either loose, bagged or in non-returnable bulk bags. Our major Depots hold a wide range of bricks relevant to local requirements. All depots hold stocks of cement, plasters, plasterboard, insulation and drainage and at Chichester specialist stocks are held of new and second hand clay and cement roof tiles.

Delivery vehicles are equipped with mechanical handling equipment to ensure fast and efficient off loading at your site.

Hardware and Decorating

Our vast range of lightside products is forever growing! We are constantly seeking new products, ranges and areas which we see as beneficial to our customers. Our skilled sales office staff are equipped with product libraries to assist the sourcing of special and unusual orders.

All of our depots are staffed by experienced individuals who all have specialist knowledge of the products we sell.

Landscaping

Covers stock an extensive range of exciting landscaping materials from the leading manufacturers. Our inspirational selection of natural stone, concrete paving, block paving, decorative aggregates, decking, fencing and garden buildings will ensure you find the perfect products to help you transform your garden or driveway. Covers landscape centres all boast a diverse range of products on display to assist you with your selection and knowledgeable staff who can calculate the quantities you require for your project.

Flooring

Nothing beats the feel of good flooring under foot, whether it's solid, engineered or laminate. Practical, hardwearing and requiring minimal maintenance, the best solid flooring has remarkable resilience to the knocks and bumps of everyday life – and can last for decades. At Covers, we're able to offer over 20 different types of timber and timber-style floor coverings from major manufacturers and importers, with knowledge and installation advice to match.

Kitchens and Bathrooms

Our dedicated kitchen and bathroom showrooms at Chichester, Bognor Regis and Portsmouth offer an array of traditional and contemporary designs to accommodate all tastes and budgets. Covers experienced staff will help you through the decision making process and will provide you with a free design and quotation.

Trade Kitchens and Bathrooms

At Covers, we never forget that kitchens and bathrooms sell houses. That's why we offer a vast selection of kitchens, bathrooms, appliances and accessories to reflect all the very latest design trends. With ranges from leading suppliers such as Sheraton, Symphony and Ideal Standard, we have everything you need. We will seamlessly guide you through the process of selecting a new kitchen or bathroom for your latest development, conversion or extension. Consultation, design, quotation, delivery. We've got it all under one roof – with a patient and responsive attitude to service.

Doors, Windows and Conservatories

We're the areas largest stockist of quality doors and windows with dedicated showrooms in Chichester, Bognor Regis and Lewes. We stock high technology doors and windows from world class suppliers like Premdor, Jeld-Wen, Vicaima, Johnson Aldridge and many more. Covers are a proud member of the British Woodworking Federation, which is responsible for the quality control and development of doors and windows in the UK.

Covers also supply an excellent range of made to measure UPVC products, such as doors, windows and conservatories. Fibreglass doorsets are also available in various colours and styles.

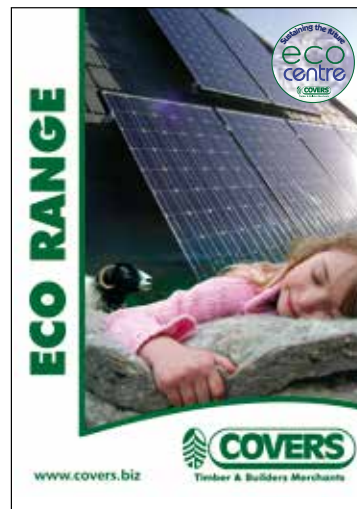

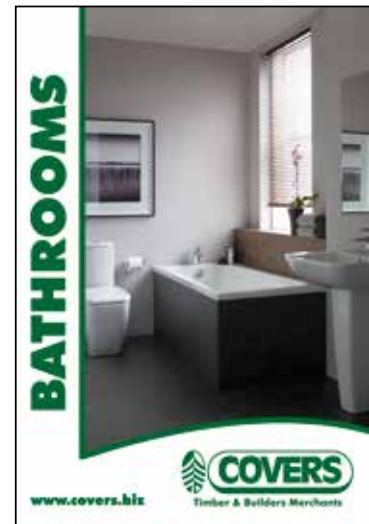

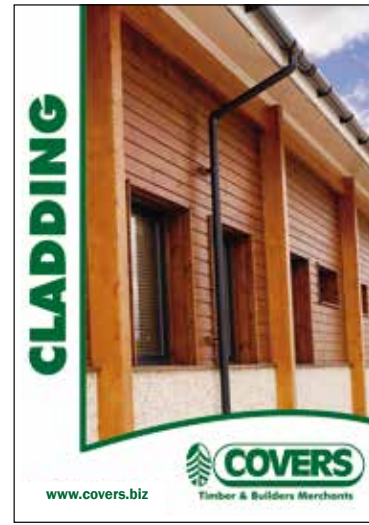

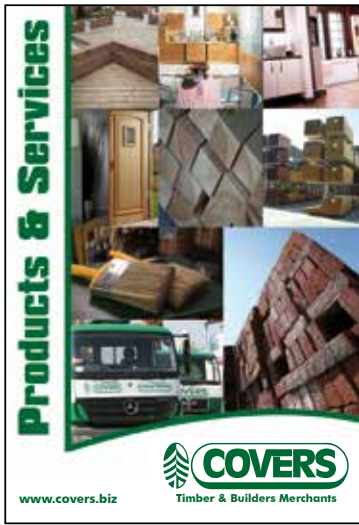

Eco Centre

Covers has put green issues to the top of our agenda and opened the South East's first ever Eco Centre.

Customers can now view the very latest eco building products and appliances under one roof. The Eco Centre is a vital resource for consumers to learn about how to make their home energy efficient and eco friendly.

How would you like to pay? Cash or Account

Trade Card: If you prefer to pay as you go. You will get trade terms, which means you don't have to negotiate every time you pay.

Credit Account: We offer a 30 day account to qualifying customers on trade terms, so that you can buy everything at the right price, with account facilities of invoices and statements to your office and planned payments dates.*

* Credit references required. Terms and conditions apply.

Depot Account: This offers the benefits of a Credit Account in terms of invoices and statements but no credit is offered. Ideal for a small trader who may send one of their team to collect goods and does not wish to give them cash or to lose the invoices.

You can download the application forms for the above from our website www.covers.biz
