distance between the posts, and rolling up and unrolling are done very quickly and easily. It can be put up or taken down within 5 minutes and is ideal for fencing off part of the grazing land for sheep/goats.

**Fleet Lane, Bredon, Tewkesbury, Gloucestershire, GL20 7EF**

It can even be used to protect animals during the night. Its suitable for use on sloping land (due to flexible distance between posts) and prevents animal entanglement unlike other net designs, which can cause deadly injuries. Because of the Smart Fence, all that is now part of the past.
