Peak Contractors Limited Industry Accreditations

CHAS is established as the market leader for health and safety pre-qualification in the UK. It is a non-commercial scheme available to suppliers (those who provide goods and services) and to organisations (buyers) looking for suitably competent suppliers. (members since July 2009. No registration number).

The Construction Health and Safety Group (CHSG) was formed in 1952 and is a company recognised and respected in the field of health and safety providing training and support to the construction industry. (members since May 2011, registration number MEM/P51).

At the heart of what we do is our national online database, the UK's largest register for pre-qualified contractors and consultants. In terms of efficiency, time and cost saving and best practice. Constructionline is proven to deliver for public and private sector organisations alike. Our service is recommended by the OGC Common Minimum Standards and The Local Government Task Force. (members since January 1998, registration number 19320)

Exor delivers business opportunities & procurement efficiencies by bringing together suppliers & buyers. For over 10 years Exor has worked with thousands of suppliers, from small to large, to ensure they are compliant and help them win business. Exor supports the public and private sectors as well as the general public with a range of services that assists them in making an informed choice. (members since July 2009, registration number OK3094)

The NFB provides business solutions/resources to builders, contractors and house builders across England and Wales, protecting businesses, saving members time and money, and allowing you to focus on your core business of construction. We campaign hard on key issues such as procurement, utilities, sustainability and funding, ensuring your voice is heard at government/industry forums, making a difference to your business success. (members since April 2011, registration number CO001163)

ISO 9001 is the internationally recognised standard for the quality management of businesses. ISO 9001. It applies to the processes that create and control the products and services an organisation supplies

Prescribes systematic control of activities to ensure that the needs and expectations of customers are met. It is designed and intended to apply to virtually any product or service, made by any process anywhere in the world

(initial audit 15 September 2009, registration number 2100408)

We are a privately owned refurbishment and general building contractor specialising in such works to the NHS, private clinics & trusts, universities, colleges, primary & secondary schools, public and private accommodation.
