On-call 24/ 7; we have long been recognised as the Leading Authority providing Specialist Medical Solutions; from basic medical consumables to a fully kitted Hospital.

All our products have been thoroughly field tested in the most hostile of environments around the world & are now thought by many to be "Indispensible".

Our forte is to tailor our service for the end user's individual operational requirements – i.e. – from basic inoculation sets to a fully kitted field hospital. We will work with you at both the planning and trial stage of any project, to ensure that the final product is not only fit for purpose but exceeds expectation whilst being unrivalled in terms of best value.
