

## NU-GUARD<sup>®</sup> NRG CLEAR

**DESCRIPTION:** Nu-Guard NRG Clear is a new generation, unique, clear impregnation utilising the most advanced hybrid chemistry available to produce superior weather protection for masonry walls and bricks.

**ADVANTAGES:**

- Improve Energy Efficiency for Homes
- Super Hydrophobic Water Repellency
- Excellent Stain Resistance
- Resistant to Dirt and Pollution
- Self Cleaning Properties
- Resistant to Weathering
- UV Stability - Permanent
- Applied to any Mineral Substrate
- Reduces Efflorescence
- Natural Clean Appearance
- Permeable to Water Vapour
- Protects Against Penetrating Damp

**USES:** For use on all types of mineral based substrates including brickwork, concrete, natural stone, reconstructed stone, blockwork and tiles.

**COLOUR RANGE:** Clear

**PACK SIZE:** Single component product supplied in 5 or 25 Litre drums, and 1000 litre IBC's.

**COVERAGE RATE:** This is dependant on texture and porosity of the substrate. On average, the coverage rate is 5m<sup>2</sup>/ litre, applied in one coat.

**DRYING TIME:** Touch dry 1-2 Hours.

**PREPARATION:** Ensure surface to be treated are clean, free from contamination and dry.

**APPLICATION:** Impregnation to be applied by Flood-Coating method using a pump-up or airless spray at low pressure. Application should be to full saturation commencing at the bottom and working your way up.

**EQUIPMENT CARE:** All equipment should be cleaned with water immediately after use.

**STORAGE:** Store away from direct sunlight and sources of heat. Protect from frost.

**SHELF LIFE:** 12 months (in original sealed container).

**HEALTH & SAFETY:** Refer to health and safety sheets.
