

KENRAY®

Perform Better

KENRAY CLASSIC™

The KENRAY Classic Forming Set has been improved and developed over three decades of continuous design and manufacturing processes.

The Classic is designed to both meet and surpass all of the OEM standard requirements.

Our forming shoulders and forming sets can be custom designed to any make or model required. With various gas flushing options available, the Classic is our standard product forming set available for all types of applications such as snacks, frozen, powder and vegetables.

As well as offering a high level of engineering excellence, our Classic range of forming shoulders and forming sets present a cost-effective all-round solution to support your business critical needs.

Accuracy and Reliability for over 30 years

- Free from tracking or vertical seal problems
- Solutions available for all types of manufacturing makes and models
- Choice of gas flushing options
- Reduced weight and cost compared to OEM alternatives
- Custom designed to suit all applications
- All hand and seal formations available
- Cost-effective all-round solution

KENRAY are recognised as the global authority on the development and manufacture of formers and solutions for the packaging industry.

Our key area of expertise is the innovative design in forming sets for vertical form fill and seal packaging machines. Renowned for value-added service, consistency of design, extensive testing procedures and accuracy in manufacturing: KENRAY are the partners of choice for companies around the world within the food and pharmaceutical packaging sector.

Our forward-thinking engineering ensures interchangeability and repeatability. It is this precision that continues to endorse KENRAY'S position as the Global Leader in this market today.

KENRAY. Perform Better.
