Perform Better

## KENRAY FILM DRAW DOWN BELTS

KENRAY supply a variety of specialised high quality film draw down belts.

They can provide all makes and models of belts for Vertical Form Fill and Seal (VFFS) food and pharmaceutical packaging machines.

The knowledgeable members of staff at KENRAY will work with you to ensure you select the very best possible solution for your needs and requirements.

With their expertise and technical know-how they will select the correct compound material to suit your chosen application. This will benefit your machines maintaining peak performance and capacity.

### Why Choose KENRAY for film draw down belts?

- KENRAY belts surpass all OEM standard requirements
- Reduced cost compared to OEM alternatives
- Increases your machine parts life-span when used with KENRAY wear strips on formers
- Huge selection of belts available – All makes and models
- Fast turn-around in comparison to OEM lead times
- Stock lines can be held – subject to terms and conditions

KENRAY are recognised as the global authority on the development and manufacture of formers and solutions for the packaging industry.

Our key area of expertise is the innovative design in forming sets for vertical form fill and seal packaging machines. Renowned for value-added service, consistency of design, extensive testing procedures and accuracy in manufacturing: KENRAY are the partners of choice for companies around the world within the food and pharmaceutical packaging sector.

Our forward-thinking engineering ensures interchangeability and repeatability. It is this precision that continues to endorse KENRAY'S position as the Global Leader in this market today.

KENRAY. Perform Better.
