Perform Better

KENRAY PREMIUM™

Our Premium spec forming sets are specialist formers for Quad Seal, Doy and difficult bag configurations.

KENRAY'S Premium spec range is exceptionally designed to enable us to produce perfect pillow packs and quantum seal bags.

Years of experience in the design and manufacture of these detailed forming sets means our engineers are aware of the difficulty in the producing this product range. As a result the engineering of the specific heat sealing components is of the highest standard.

The diversity of the Premium spec range means it can be adapted and modified to suit a variety of applications such as frozen, snacks, vegetables and pet food.

They can be modified to include an extended in-feed chute to suit the packaging requirement of the customers' particular product. This variation will also increase bag speed by up to 40%.

Engineering perfection for premium spec products

- All types of quad seal available for any make or model
- Perfect seals achieved on each corner
- Pathways for goglio valves, labels and zipper application
- Bespoke alterations from standard design
- Experience in complex bag types
- Specialised film types such as metalised or laminate
- High performance forming sets capable of maximising output

KENRAY is able to ensure a high level of consistency through many years of experience spent perfecting and constructing all types of former makes and models.

Our Premium spec range, more than any other, relies on an in-depth understanding of the complex calculations that allow the product feed, tracking, alignment and the relationship between the forming set and the machine to be exact.

KENRAY are recognised as the global authority on the development and manufacture of formers and solutions for the packaging industry.

Our key area of expertise is the innovative design in forming sets for vertical form fill and seal packaging machines. Renowned for value-added service, consistency of design, extensive testing procedures and accuracy in manufacturing: KENRAY are the partners of choice for companies around the world within the food and pharmaceutical packaging sector.

Our forward-thinking engineering ensures interchangeability and repeatability. It is this precision that continues to endorse KENRAY'S position as the Global Leader in this market today.
