

This is concreting made easy. A reduction in labour and time will save you money!

# CONCRETE LINE PUMPING

Tight access is our speciality. We can setup and pump anywhere that Mini-Mix concrete truck can access. We will pump your concrete to those awkward places so, you simply level and finish!

## OUR RATES

The clock starts "AFTER" we set up, which should be when the concrete arrives on site. We place the concrete so you can level it. 25 linear metres of pumping line is in the rate. Extra pipeline is available at just £1.50 per metre. Travel is £40 per hour. (Travel costs will be confirmed on booking).

### HOURLY

### TOTAL

	HOURLY	TOTAL
1st hour	140	140
2nd hour	70	210
3rd hour	70	280
4th hour	50	330
5th hour	50	380
