

MEETING ROOMS

From specification, to the quality of the install, to programming and after care - HTS delivered an outstanding service.

*Nigel Wilson, Managing Director  
Clevercherry, Birmingham*

## Professional Audio/Visual Installation

This 37" LG ceiling mounted screen is sleek, lightweight, space saving and energy efficient. Cables are hidden from view for a clean install.

Just 3 cm deep, this Samsung 40" LED screen has been wall mounted with a special bracket to allow for left to right and tilt movement.

Enhance readability and better picture quality. Lightweight and space efficient, this Samsung screen reduces reflection and maximises space for employees to work.

The AMX 8 button ControlPad offers simplified device control in one with just the right amount of ease of use, programming simplicity and cost effectiveness.
