

6 CPD titles: see below for details

1. Specifying Performance Fully Glazed Partitioning Systems

2. Specifying Performance Demountable Suspended Ceiling Systems

3. Chilled Ceilings, Chilled Beams and Integrated Service Modules: Energy Efficient Cooling

4. Water Based Radiant Heating Solutions

5. Architectural Metalwork: Integrating Design and Performance

6. SAS Factory Tour

SEMINAR DETAILS

1. Details the performance demands on fully glazed partitions including fire, acoustic, stability and their integration with drywall, ceilings and doors.
2. Details the benefits and types of metal ceilings, different design, performance and integration options.
3. Explains the benefits of energy efficient water based cooling, how it works and integrates with other building services and applications.
4. Increasingly popular in the healthcare and education sectors, this seminar covers

the theory behind radiant heating, performance and application, energy efficiency, technical specifications and design considerations.

5. Examines the range of design-led metal products, service and product integration, aesthetics, versatility, durability, and sustainability.

6. The world's largest metal ceiling manufacturing facility highlights our stringent quality and environmental standards. It includes up to 3 CPD seminars and overnight accommodation.

ALSO AVAILABLE

- Literature
- Product samples
- Website
- CAD downloads
- Environmental data
- Regulation information

DURATION

- Presentations: 1 hour each
- Factory tour: 1 day
