

## ICS Cool Energy Ltd., Ranked within the Sunday Times International Track 200 League Table

The inaugural International Track 200 league table supplement, sponsored by HSBC, was published in The Sunday Times on 8 July 2012.

The prestigious league table ranks the top 200 UK companies with international sales growth over the past two years of available accounts, [Click here](#) to view a copy.

Despite difficult trading conditions within the current climate, the top 200 companies' international sales growth ranged from 21% pa to 570% pa. The vast majority of companies' main market is within Europe, followed by North America, with more than half of the companies focusing their sales in one or two continents.

### Fantastic Achievement

ICS Cool Energy Limited is delighted to announce that they have been ranked as **#155**, boasting growth of **28%** in international sales within the past two years. This marks a fantastic achievement for everyone connected with ICS Cool Energy Ltd.

Russell Wilson, Company Director commented on the achievement:

*"We trade in several ways worldwide; directly with clients in some countries and via agents or our own incorporated businesses.*

*Each market is a challenge and, as these develop, our plan has been to actively move forward where we can and be hands on.*

*Planning for growth over the past five years has been difficult, but we have had the benefit of having good people and products, so this hasn't stopped us from forging ahead.*

*We are currently growing and our own manufactured products are being developed to meet the needs of our clients, wherever they are."*
