

# Superior Performance

## **SEALECTION® 500 Spray Foam Insulation Provides Superior Results**

### **Environmentally Responsible**

**SEALECTION 500** is manufactured without ozone depleting chemicals, CFC's, HCFC's, fibers, formaldehyde or asbestos.

### **Energy Efficiency**

A spray foam air barrier minimizes convection currents, the leading cause of heat loss, and helps maintain a more consistent temperature which results in greater energy efficiency.

### **Lower Expenses for Builders**

In most cases, **SEALECTION 500** allows contractors to use smaller HVAC units to heat and cool the same amount of space. The reduction in HVAC tonnage can be as much as 40%.

### **Lower Expenses for Owners**

Properly insulating with **SEALECTION 500** can dramatically lower your heating and cooling costs. In some cases, heating and cooling costs can be reduced by as much as 50%.

### **Quieter**

When **SEALECTION 500** is used in walls and attics, noise pollution is reduced, making it ideal for offices, classrooms, master bedrooms, laundry rooms, media rooms, near airports and plumbing runs.

### **Healthier**

A tighter air seal protects the home from contaminants like dust, dirt and allergens so the indoor air is healthier and cleaner than outside air.

### **Dependable Performance**

**SEALECTION 500** maintains peak performance because it does not deteriorate or decompose due to time, temperature, or usage.

 **SEALECTION® 500**  
Spray Foam Insulation

# **SEALECTION 500** Delivers Performance, Convenience and Savings

For more than a decade, **SEALECTION 500** has been an environmentally responsible spray foam insulation that delivers superior performance and money saving benefits to homeowners, builders and contractors. It allows builders to use smaller, more energy efficient systems to heat and cool their buildings, lets contractors conveniently and quickly install and custom finish their insulation, and offers consumers lower energy costs and a healthier, cleaner interior environment.

## **A Responsible Choice**

**SEALECTION 500** was created with the environment in mind. Its unique formula contains no ozone depleting chemicals, CFC's, HCFC's, fibers, formaldehyde or asbestos. And since it does not decompose or deteriorate, **SEALECTION 500's** performance will remain constant for the life of the building, making that building more energy efficient for years to come.
