Frequently Asked Questions	23

Why do we use aluminium?

Aluminium will not rust, rot or shatter like some traditional sign making materials such as plastics or wood. Coupled with high quality vinyl, digital printing and protective laminate, aluminium is the perfect choice for an attractive, cost effective and strong sign system.

Why do we use rounded corners?

We round corners on all of your signs as standard, whether wall mounted or post mounted as a safety precaution to protect little fingers from sharp edges.

Why do we use digital print?

90% of our signs are now digitally printed. This technology means no stuck on letters that can be easily peeled off or vandalised. Printing inks are UV resistant and weatherproof, we then add a clear gloss lamination for extra protection and longevity.

It also means we can print graphics such as colour blends on logos, intricate school emblems, scans of children's designs and photos that are otherwise impossible with traditional signmaker's vinyl cut on a plotter.

Flat Plate Signs

"Looking for something a bit different? Email us your ideas and we will put a design together for you."

We supply a wide range of flat plate signs. See also our standard safety and playground signs on page 8. With pre-drilled holes and screws supplied they are easy to fix securely to flat walls and doors.

Available in square, rectangle, round, shaped top as standard.

All our Flat Plate signs include:

- Free design, colour proof and quote prior to manufacture
- 3mm aluminium sign with high quality digitally printed graphics applied
- Fixings and pre-drilled holes in signs if required
- Anti vandal lamination on all signs
- Rounded corners to suit
- 100% Money back guarantee
- Free UK mainland delivery.

See pages 6-7 for post mounted options

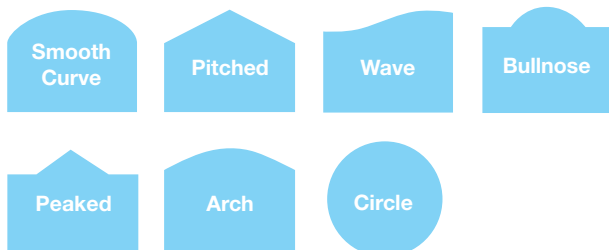

**Special shapes
Call for details**

3 steps
made easy

1. Choose a shape

Choose from square, rectangle or a shape below.

3. Tell Us Your Wording

Once the style and colour is chosen, tell us what you want your sign to look like.

2. Choose a colour

Bespoke colours also available on request.

See page 22 for our easy order details.

Post Mounted Signs

We supply a wide range of post mounted signs.
Supplied with mounting rails and stainless steel fixings.
See page 12 for our Premium Post Mounted Signs.

“Did you know we offer a bespoke design service if you have no ideas for your sign.”

Available in standard square, rectangle, round, shaped top or a bespoke shape of your choice.

All our Post Mounted signs include:

- Free design, colour proof and quote prior to manufacture
- 3mm aluminium sign with high quality digitally printed graphics applied
- With extruded mounting rails to rear of sign
- High quality stainless steel fixing clips
- Anti vandal lamination on all signs
- Rounded corners to suit

In our playground we.....

- ★ Keep our hands and feet to ourselves
- ★ Treat the play equipment with care and return it afterwards
- ★ Encourage each other
- ★ Speak politely to one another and to the adults who help us
- ★ Don't fight or play in a way that will hurt someone
- ★ Leave our own toys safely at home
- ★ Use the climbing equipment safely
- ★ Encourage people to join in with our games
- ★ Remember to stay out of the areas we aren't allowed in
- ★ Talk about any problems we might be having
- ★ Ask before going inside for anything

Code: ATS06

Our playground rules

-  Be kind to each other
-  Play nicely together
-  Be honest
-  Respect the grown ups
-  Put litter in the bin
-  Have kind hands & feet

Premium Post Mounted Signs

"Looking for something a bit different? Email us your ideas and we will put a design together for you."

A new, premium style post mounted sign. The system is manufactured from a panel with extruded post sleeves which the post neatly slides into meaning there are no visible fixings for a very stylish looking sign. This system is powder coated to one of our standard colours, can have double sided graphics and decorative finials.

Call or email for prices

All our Premium Post Mounted signs include:

- Free design, colour proof and quote prior to manufacture
- 3mm aluminium sign with high quality digitally printed graphics applied
- Decorative finials
- 100% Money back guarantee
- Free UK mainland delivery.

Ask about our decorative finials for a finishing touch

Hooped Top Signs

Hooped Top signs are perfect for assembly points, play areas or parking bays. These unique hooped top circular signs really stand out. Manufactured from a formed 76mm tube and 870mm circular panel they are powder coated to one of our standard colours and come with high quality graphics either side.

"Looking for something a bit different? Email us your ideas and we will put a design together for you."

All our Hooped Top signs include:

- 870mm Double sided panel with graphics
- Powder coated one of 19 standard colours
- 2300mm Ground clearance to bottom of sign panel
- Sub surface anti rotational base panel
- 100% Money back guarantee
- Free UK mainland delivery.

See page 22 for our easy order details.

Finger Post Systems

Direct visitors around your site with our range of stylish finger post systems. Manufactured from 3mm aluminium "fingers" which slide securely over a 76mm aluminium post. Fingers are locked tight with discrete grub screws and all finger posts are finished with a stylish finial powder coated to match your post colour choice.

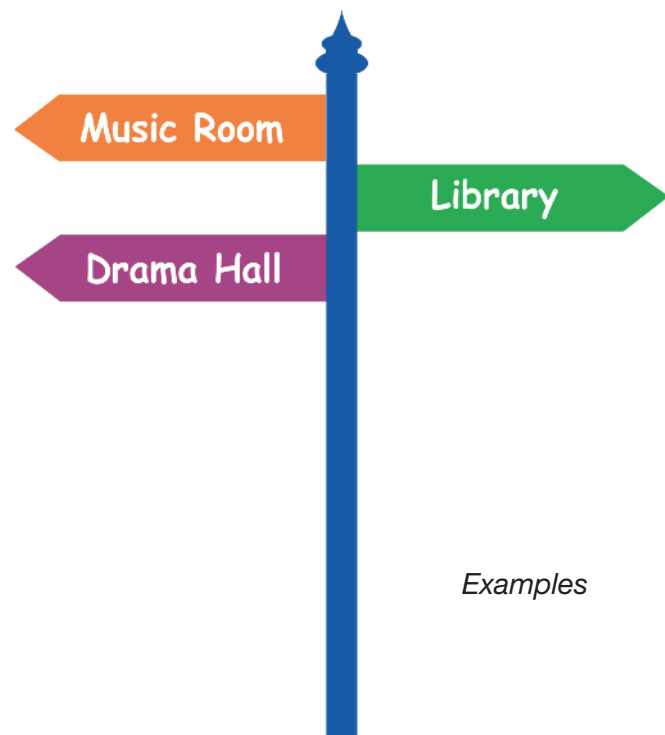

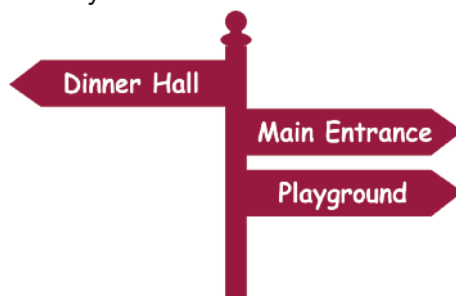

Why not mix and match colours?
Please ring or email us for more details

Call or email for prices

All our Finger Post Systems include:

- Up to 6 fingers per post
- Up to 3m length posts
- 360 degree direction to suit your needs on site
- Double sided high quality graphics on every finger
- Available in choice of 19 standard colours
- Mix and match finger colours
- Decorative finial included
- 100% Money back guarantee
- Free UK mainland delivery.

Ask about our decorative finials for a finishing touch

Examples

- 100% Money back guarantee
- Free UK mainland delivery

Call or email for prices

Examples

TOUCHtype signs comply in all aspects with the requirements of The Sign Design Guide published by the RNIB's Joint Mobility Unit as referred to by the DDA legislation.

Window Film

Window film or window tinting when installed reduces uncomfortable heat and glare, minimizes fading by reducing UV, improves security and privacy and is virtually undetectable.

Our extensive range of films which include professional grade solar control, safety and security film, decorative and frosted film, and total block out film can be used on any glass applications such as offices, computer rooms, play rooms, dining halls, conservatories and walkways.

The application of window film or window tinting on glass is undisruptive, fast to install, and maintenance free. Compared to curtains, shutters and blinds etc, window film is more efficient and more cost effective.

We are acknowledged experts in specifying films for all window applications and then installing them to the highest standards of workmanship, in all types of buildings including Homes, Offices, Conservatory windows, glass or Polycarbonate Conservatory roofs, Schools, Universities, Shops, Hospitals, Industrial buildings and Government buildings.

Stay **GREEN** and reduce utility costs

An increasing number of schools are interested in helping our environment and preserving precious resources. You can make a difference everyday simply by reducing your air conditioning usage. Our window film installations help you do that by rejecting heat and keeping interior temperatures more controllable and stable.

See page 22 for our easy order details.

By running your air conditioning less, you can consume less energy, reduce your carbon footprint and save money on utilities.

Increase comfort and productivity

Once installed our window film helps maintain a more comfortable and productive studying and learning environment by reducing glare and hot spots.

Reduce interior fading and protect

Ultraviolet light and solar heat coming through any window can cause fading and irreparable damage to the things you value most. Everything from your expensive artwork and furnishings, to hardwood floors and carpets are at risk. Our films help by filtering visible light, rejecting solar heat and blocking over 99% of harmful UV light - significantly reducing your potential for damage and protecting you and your pupils.

Improve Security

To a thief, a broken window is an open door to the valuables locked inside. Your school equipment and other costly possessions can all be gone in a matter of minutes. We supply security films that will make the windows in your building significantly difficult to shatter, holding the broken glass firmly within the window frame after breaking.

Call or email for prices

How to order

To place an order simply email your details:

Email: sales@schoolsignsmadeeasy.co.uk

With a few pieces of information from you we can provide a full itemised quote and proof showing you exactly how your signs will look.

Step 1

Please send us as much detail about the signs you would like to order

- Size and shape of the signs
- Sign colour and text colour
- Would you like a border on your signs?
- A clear scan or digital copy of your school logo
- Wording for your sign including any specific layout or spacing of the wording
- Any other logos you require – i.e. Ofsted, Healthy Schools etc
- How are the signs to be fitted – i.e on a fence, on a flat wall, onto metal railings, onto new or existing posts?
- Would you like your signs supply only or would you like a quote for installation?
- If you already have a draft design or layout you can send us a sketch, Acceptable file formats – PDF, JPEG, EPS, Adobe Illustrator (AI), Microsoft Powerpoint and Microsoft Word.

Step 2

Once we have received your information:

- Our design team will create a colour proof to email to you for your approval, along with an itemised written quotation.
- From here you may request unlimited changes to the design at no additional cost.
- It usually takes 48-72 hours to email proofs and quotes from receipt of information.

Step 3

- Please send written approval to proceed by email / fax or post confirming that you have checked the design and are happy to proceed with your signs as quoted.
- Don't forget to include your schools official purchase order if necessary.
- We will confirm receipt of your order and put your signs into production
- Production of most orders takes 10 working days
- We will contact you when your signs are being dispatched so you can expect delivery.

If you have any questions about our order process please call 01255 427350.

Frequently Asked Questions

Q. How will I know what my signs will look like?

A. Once we have received your order our design team will send proofs for your approval. These proofs can be amended as many times as you like free of charge until you are completely satisfied.

Q. I'm not sure what signs I need, could someone advise me?

A. Yes of course we can, please call or email us.

Q. We would like a pupil's drawing on a sign, is this possible?

A. Yes, we would just need a clear scan of the drawing emailed to us and we can use this on your signs.

Q. I cannot find what I am looking for.

A. If you cannot find what you are looking for simply email us or call with your ideas and we will do our very best to meet your requirements.

Q. How do I send my artwork?

A. When supplying your logo please send the highest possible quality. Acceptable file formats – PDF, JPEG, EPS, Adobe Illustrator (AI), Microsoft Powerpoint and Microsoft Word.

Q. How will I receive my signs?

A. These will be carefully wrapped in protective packaging and sent via our UK wide courier service.

Q. How do I pay?

A. We offer an instant 28 day credit account facility to government schools and can accept payment by Bacs, cheque and credit or debit card.

Q. How do I order?

A. Simply follow our 3 easy steps on page 22. If you get stuck just call or email and we'll guide you through.

Q. How long will my signs last?

A. All our sign materials are 100% weatherproof using UV resistant inks, vinyls and laminates. When well cared for our signs can last for at least 10 years.
