twinFLOORstick 'domestic' floating vinyl floor

TOTAL
COMFORT
AND
CONVENIENCE

AMENITIES AND LEISURE FACILITIES

twinFLOORclick 'commercial' floating vinyl floor is ideal for lobbies, restaurants, bars and washrooms.

We also manufacture a wide range of cubicle systems from economy to executive, as well as lockers and changing room systems.

Based on the award winning Clipclad® wall panelling and access system - specified in airports, commercial buildings and schools - Clipclad® Systems enables the creation of space-saving room layouts, and supports a choice of durable and water-resistant surface materials. The precision engineered compact modules can then be easily transported to, and onto site at the optimum time in construction.
