Hurricane bottle coolers

chilled display solutions

Hurricane bottle coolers are the perfect showcase for bottled and canned drinks in restaurants, bars, pubs and clubs, giving you quality, style and, above all, value for money.

With their sleek, dynamic design, Hurricane bottle coolers are the perfect chilled display solution for all types of contemporary and traditional bars.

Extremely robust, these high quality fridges have been built to withstand conditions in the busiest of bars, ensuring years of use and reliability. Their stylish appearance means they'll effortlessly compliment any interior.

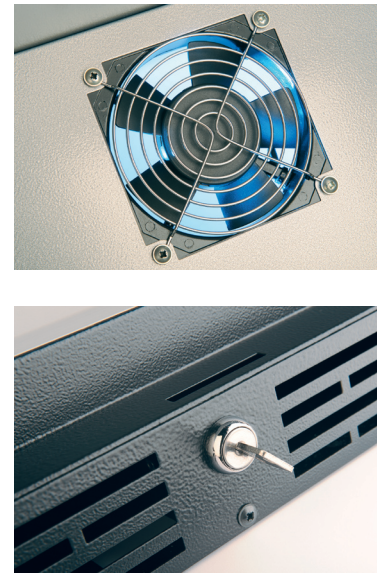

Available in single or double door versions, the Hurricane range is supplied in a choice of painted silver or black finishes.

Factory set electronic temperature controllers with external display and automatic defrost are standard on all Hurricane models.

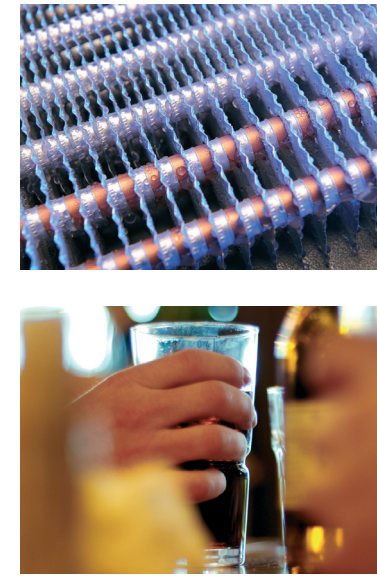

Easily adjustable reduced-slip shelving and excellent illumination, enable products to be displayed more effectively.

The energy efficient forced air cooling ensures that drinks are kept at the perfect serving temperature at all times.

Lockable doors are optional on all Hurricane bottle coolers.

Rapid cooling times ensure that bottled and canned drinks can be chilled and served faster, helping your staff manage customer demand especially at busy periods.

Dimensions	H60	H90
Height (mm)	900	900
Width (mm)	600	900
Depth (mm)	500	500
Capacity*	135	204

All IMC's bottle coolers are designed and manufactured in the UK, ensuring consistent high quality, cutting edge design and value for money.

Additional products from IMC

F2 underbar system

a fresh innovation in bar design

F2 is the revolutionary stainless steel underbar system that offers a unique blend of quality, flexibility and functionality at an amazingly competitive price.

bartender underbar system

timeless style, endless possibilities

For bar, restaurant or club, Bartender provides the most stylish and hardest-working solution, around the clock. It may be invisible to customers, but they'll see the difference in faster service, less harassed staff, and an all-round better atmosphere.

BM top loading bottle coolers

cooling innovation for bars

BM top loading bottle coolers are designed for underbar use and to complement our Bartender and F2 range of modular underbar systems. The BM range can be integrated perfectly into new or existing bar runs.
