Standard Narrow Boats

Since we laid our first bottom plate in 1980 we have built some two hundred full fitted craft ranging from full traditional to modern sophistication. Throughout the building of this widely Standard Narrowboats

Our range has been specifically designed to offer a standard narrowboat with 'bespoke' quality. Drawing on over thirty years boat building experience we have incorporated the systems and equipment that have given best service and proved most popular with our many happy customers.

Our construction commitment

- ✓ In-depth craftsmanship and attention to detail
- ✓ Designs constantly evolving to bring you the latest and best
- ✓ A boat truly built up to a 'standard' not down to a 'price'.

Plus

- ✓ Choice of 'Kestrel' class trad, 'Swift' class semi trad or 'Raven' class cruiser
- ✓ Available from fifty to seventy foot
- ✓ Choice of lay-outs
- ✓ Loads of options to customise your boat
- ✓ All construction work carried out in house
- ✓ All built to full RCD and BSC standards

If you would like a quick quote, please send us your specifications by email and we will drop you an email back with a quote or view our Options and Prices page

Our service

We will sit down with you, discuss your ideas and plans and suggest the best options available to make your boat one that will truly suit you. We will provide a layout drawing, detailed specification sheets and fixed price quotation. We will also be pleased to show you our workshops and boats currently in production. So send us an email or give us a call, we look forward to helping take your dream one step closer to reality.

Plans

Option A) Standard Layout
