

Labcare are proud to launch the Changsha Yingtai Instruments.  
A quality range of Laboratory Centrifuges.

The Changsha Yingtai Instrument co. have been manufacturing high quality centrifuges since 2001 and now have a comprehensive range of centrifuges to rival most manufacturers, from bench top standard and refrigerated to floor standing, a centrifuge to suit all laboratory requirements.

Each instrument comes with a one year warranty and backed up by the Labcare Service customer service ethos which will give all customers confidence in the continuing use of the product, whatever the circumstance.

The Changsha Yingtai Instrument co. range of centrifuges from Labcare are of the highest quality and manufactured with accuracy and reliability in mind, and....

**fantastic value for money.**
