

TWINFLUTE TEMPORARY PROTECTION BOARDS

Twinplast Ltd are manufacturers and converters of our very own brand of fluted plastic board predominantly used as temporary floor protection in the building industry.

Sheets can be manufactured plain or with Flame retardant additives and can also be custom printed online in 1 or 2 colours with customers logo's for ultimate "on site" branding.

Custom printed Branding

Twinplast can supply grades from 2mm 250gsm to 10mm 2000gsm for light or heavy traffic and in standard or bespoke sheet sizes.
