

**AGM Plastics** was set up in April 2007 by Anthony Walton, Gary Lee and Marcus Fieldgate. Together they offer over 25 years of plastic fabrication and engineering experience. Being fully qualified machinists, fabricators and fitters **AGM** are more than capable of meeting your plastic needs, and can offer the full package from on-site visits, product design, delivery and installation if required.

**AGM Plastics** are happy to welcome anyone to their workshop, whether it's for advice, help or enquiries regarding any plastic issues they may have. From Industry to domestic, we are here to help anyone.

We are also stockists of most plastic and welcome any visit to view or purchase products.
