# Unlocking the potential

in plastics, signage and display

Key2 Group is the ultimate supplier of plastic fabrication, digital print, powerful graphics, point-of-sale, display, sign-making and installation, with every part of every service manufactured 100% in-house.

From eye-catching acrylic display and stunning, digital graphics through to interior and exterior signage, window vinyls, vehicle livery and so much more, Key2 Group has one mission; to get you noticed.

## What makes us different?

We are a multi-disciplined, energetic team with a passion for quality.

“ Everything we do is handled 100% in house by our own, on-site team ”

Our dedicated team creates each and every project. This way, we can guarantee our quality, work to your timescales and keep our costs keen. We are accredited to ISO 9001:2000 for Quality, which underpins our commitment to offering you the best possible service.

Our partnership with Perspex Distribution Ltd, as one of its accredited, Approved Fabricators, is a further sign of our commitment to excellence in using the best materials and processes to make your project really stand out.

# Key2 Group

has a commitment  
to excellence

Key2 Group is a dynamic company delivering high quality Plastic Fabrication, Signage Manufacturing, Bespoke Display, Stunning Graphics and Digital Print all from under one roof. With a highly experienced, energetic and creative team, we promise a commitment of excellence to each and every client:

- Every project we undertake will be given the same measure of expertise, professionalism, creativity, honesty and transparency.
- We will work with you to achieve the highest standard of project completion, with agreed timescales and fully quoted costings in advance.
- We can work to your budget if required and will aim to work to your timescales.
- We will keep you advised every step of the way and will go out of our way to meet, and even exceed, your expectations.
- If we are not able to help, to meet your deadlines, or we feel your requirements will not work satisfactorily in the materials you have requested, we will say so.
- No 'smoke and mirrors' - we actively encourage you visit us here to see how we work and offer a full tour of our processes.
- We are proud of our levels of commitment, service and quality.

**“Your success is ultimately ours too”**

# Plastic

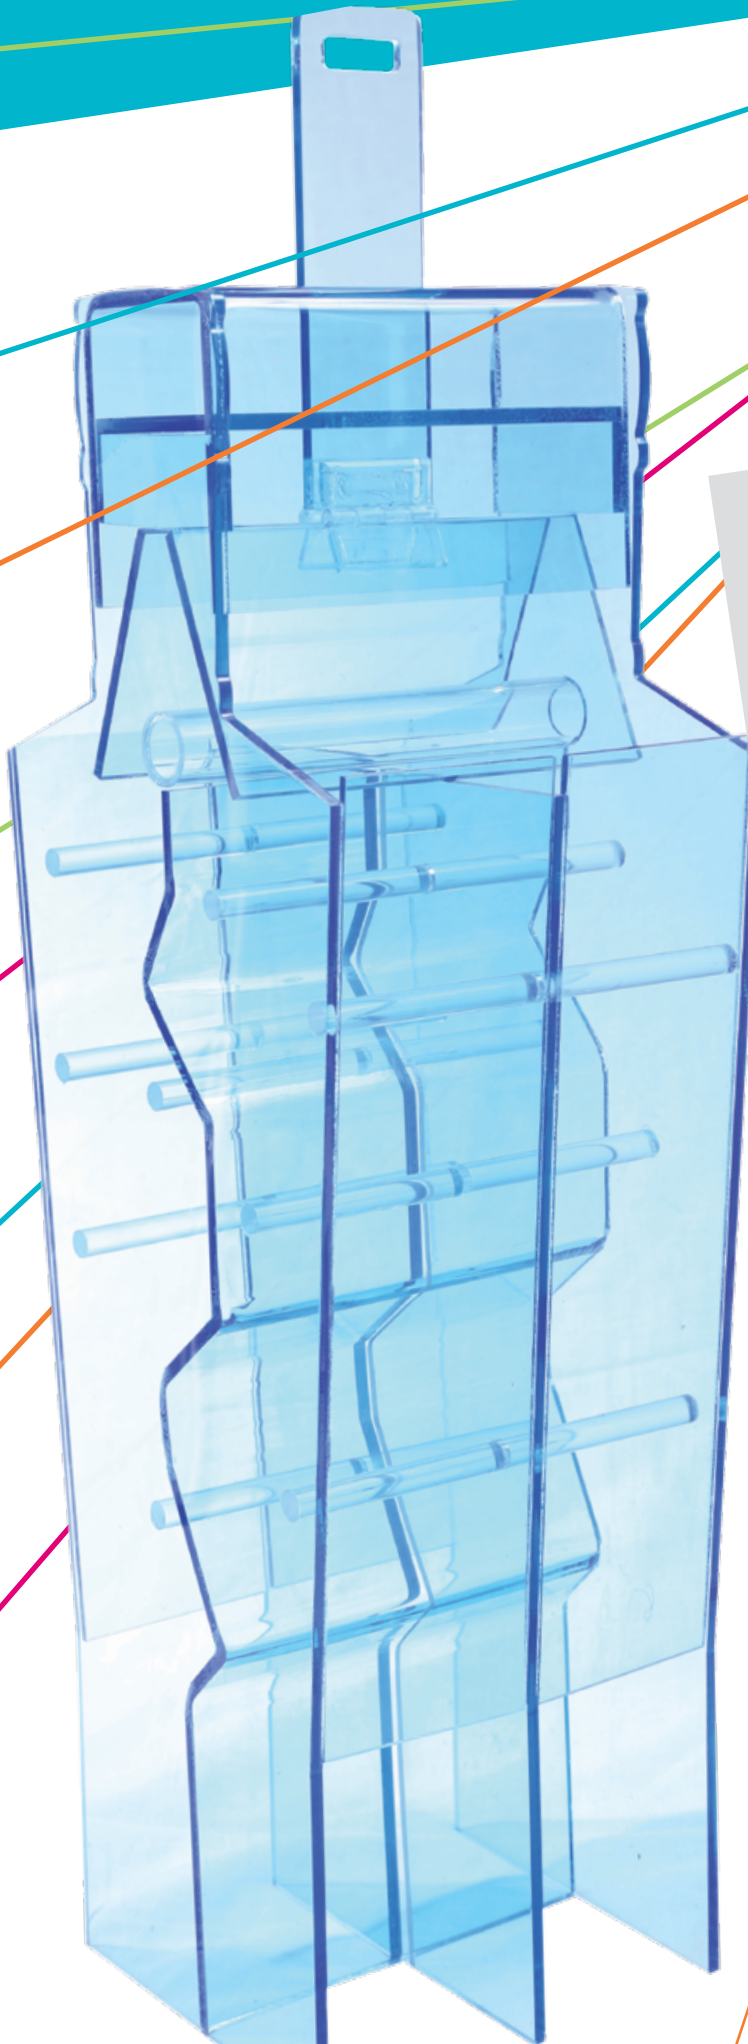

has potential

Ideal for commercial, industrial and retail use, our plastic and composite fabrication and state-of-the-art vacuum forming is requested by clients all over the UK, Europe and beyond.

Hand fabricated by our specialised engineers, oven-formed, heat bent or UV glue-joined (for invisible joins, even under close inspection) our acrylic products satisfy a variety of industrial needs, including cosmetics, automotive, supermarkets, pharmaceuticals and FMCG. A full mould and tool making service is also available.

“ Fabricated acrylic is ideal for retail display ”

# Our Capabilities are endless...

At Key2 Group we continually invest in state-of-the-art machinery to keep at the cutting-edge of our industry and to ensure your project really comes to life.

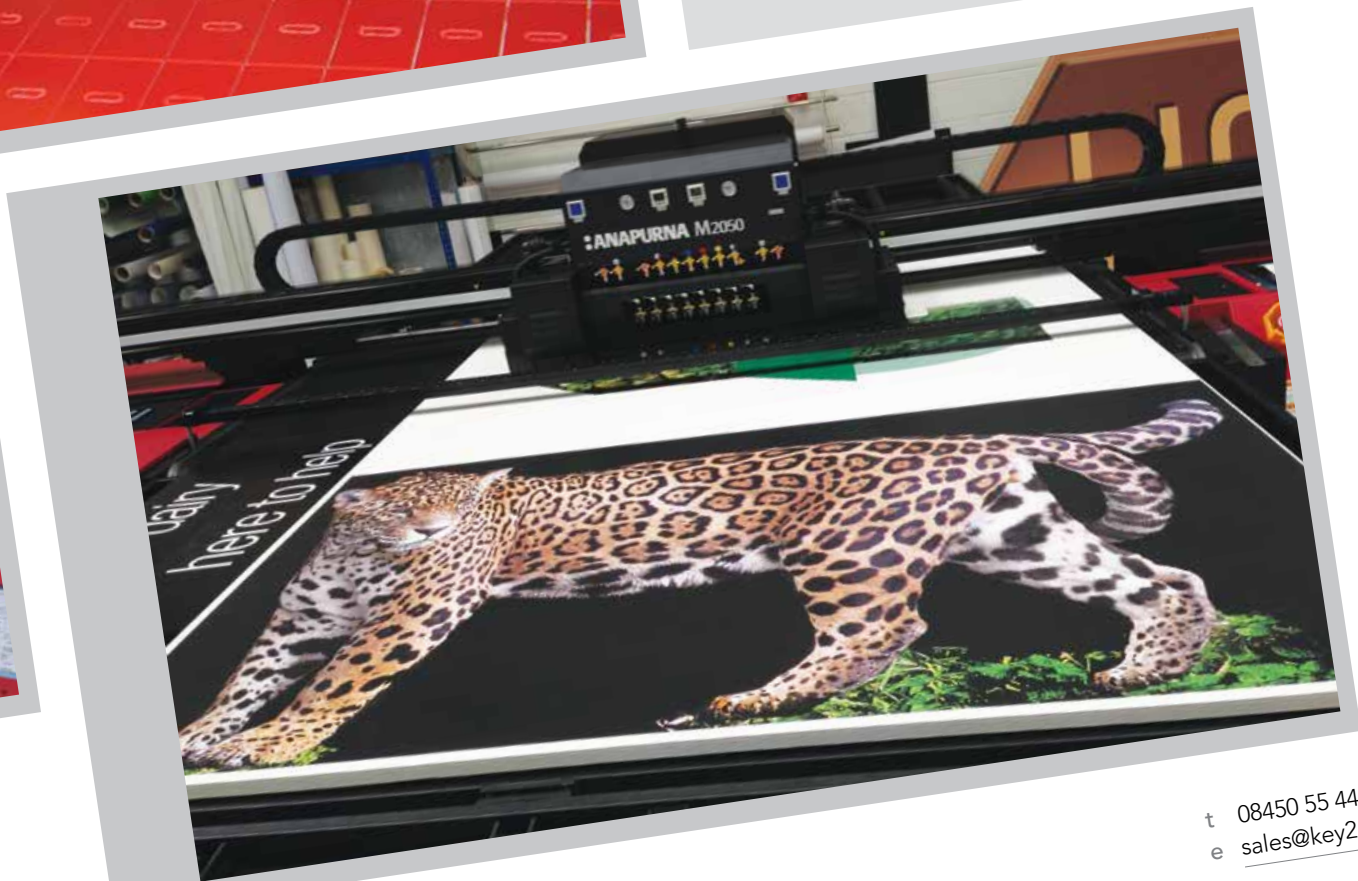

Capabilities

We operate from 14,000 sq ft of purpose-built factory with an additional 20,000 sq ft of warehousing. Every one of our processes is handled completely 100% in house, using the latest, industry-leading equipment.

- Our extensive plant list includes a CNC 3m x 2m flatbed router which cuts to a depth of 80mm.
- Our Bermac Diamond Polisher buffs, polishes and finishes acrylic all in one for exceptional, glass-like clarity whilst our AGFA Anapurna high speed printer is the latest in print technology, delivering stunning high resolution graphics for every application.
- Photographic resolution and digital print widths of up to 3 meters are easily achieved with our Mimaki JV-33 printer, our Mimaki cutting plotter makes light work of vinyls and stickers, and we can also laminate to over 2 meters too.
- Our vacuum forming machines can operate at sizes of up to 1600mm whilst our laser cutter and engraver has a bed size of 1250mm x 900mm – more than enough to handle virtually any project you can think of!

Capabilities

# Cosmetics

Beauty is in the eye of the beholder

Working with a wide range of premium international brands, our experienced teams work together to create plastic fabrication, bespoke display and stunning, powerful graphics for branding, with beautiful, colour-matched print to showcase the ultimate display and point-of-sale stand for a product launch, an enticing tester unit or show-stopping graphics to direct those discerning customer to your counter.

# Newspapers

Read all about it!

With a wide range of printed material ranging from county magazines through to national newspapers all vying for attention, and competing with online publications, the need for the perfect retail display unit to show off your product yet not detract from its visual appeal has never been greater. This is why our wide expertise in creating stylish acrylic and foamex display and dispensers for the publishing industry has never been more sought after. We can provide standard products which are tried and tested alongside bespoke models for your publication alone.

# Where are we?

Key2 Group is conveniently located at Horndean, near Portsmouth, Hampshire, close to the main sea ports, mainline rail stations and the national motorway network. From here, we service clients daily across the South East, the UK, Europe and beyond.

Our installation teams travel across the UK and Europe. We utilise our own branded and un-branded delivery vehicles or specialised courier transport where necessary. Customers are also welcome to collect from our offices during operational hours.

# It's good to be green!

Key2 Group takes its commitment to environmental issues very seriously.

Many of our environmentally-aware clients demand a supplier with a high degree of environmental responsibility so we are happy to say we comply. We recycle all our plastics, work to strong environmental ethics, use energy-efficient processes and have a policy of buying from like-minded suppliers wherever possible.

We can offer clients a choice of environmentally sound products including foam boards without plasticisers, recycled card and other materials to suit their own corporate ethics if necessary.

“ All our team  
shares our  
vision. It's  
good to be  
green ”
