

Moving your **Euro Pressure Vessel** portable pressure vessel around your facility is easy with our **Wheeled Trolley Assemblies**.

Independent Trolleys

Made of the T-304 Stainless steel, it's strong, durable, and features a sleek, streamlined handle. Large 3" swivel casters are provided for easy manoeuvrability.

Available in stock for 9" diameter vessels, custom made for 12" or 18" diameter vessels.

Attached Trolleys

Made from your material of choice our attached trolleys provide a Stainless steel skirt with stainless steel axle, front support, handle and wheels.

Please contact Euro Pressure Vessels for your special requirements.
