# Spay Tray

## Spay & Minor Operations

The new Spay & Minor Operation Tray provides you with all the essential instruments and equipment for minor surgical procedures. Standardising your procedure Tray offers a cost-effective and efficient way to organise your theatre and storage space.

Our Trays are produced to the highest standards with high quality materials and sterilisation. Having all your sterilised equipment in one place will help save you time and money.

Order your weekly required Spay & Minor Ops Trays through Vygon and receive [free delivery](#).\*\*
