

NEW!

Modularity and flexibility to optimize the magnetic energy and the economical value

FLEXOMAG

Modular permanent electro magnetic systems for light turning and grinding

1 Using only the magnetic area you need, when and where you need it

2 Strong and safe clamping toward the work piece and to the machine table

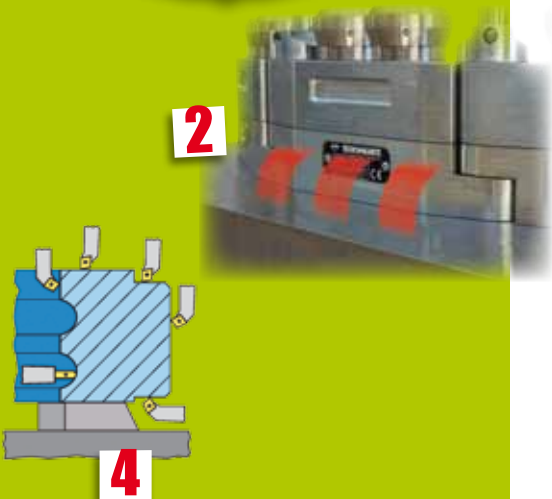

3 Adjustable to different diameters over 2000 mm and ready to be fitted on any machine

4 Full machining in one set up, automatic shimming and stress release

5 Perfect stability, total uniformity of clamping, **no vibrations**, no magnetic residual

6 Strong, practical, light weight , compact, easy to handle

7 Total flexibility, maximum convenience

TECNOMAGNETE®
Safety through power
