Pipe Plus+

PipePlus+ 'ExtraEasiLay' barrier pipe has been specifically designed for underfloor heating, thus giving unrivalled flexibility but with no compromise on quality, specifications and standards required for this type of installation.

We offer a full range of Manifolds, Manifold Accessories, Pipe Fixings and Heating Packs.

PipePlus+ offer a complete design service, just send us your drawings to receive a free no obligations quotation and should you decide to proceed we will supply full drawings to enable a worry free installation.

PipePlus+ only sell barrier pipe which is manufactured especially for us in the EU by a specialist pipe manufacturer with over 25 years experience and a production capacity of some 50 million metres a year.

PipePlus+ is a PE-RT plastic composite pipe having an Integral Oxygen Barrier and is suitable for Sanitary, Hot Water, Vented and Sealed Central Heating Systems including Underfloor.

PipePlus+ barrier pipe complies with all common standards and guidelines in their respective fields of applications plus we will guarantee our pipe with the majority of UK manufacturers of push-on and demountable plumbing fittings (This does not include 16mm, contact us for details).

PipePlus+ hold extensive stocks of both Grey and White Pipe in 10mm, 15mm, 16mm, 20mm, 22mm & 28mm diameters, available in straight lengths and a comprehensive range of coil and drum sizes. In addition we can manufacture to your own specifications of diameters from 6mm to 40mm, wall thickness, straight lengths, coils and drums, colour and own printing on the pipe.

This is a 5 - layer PERT composite pipe where the Oxygen Barrier (EVOH) has been placed into the centre of the pipe construction.

Prevention of the oxygen diffusion up to 80°C
TWICE THE BRITISH STANDARDS
(BS 7291 requires 40°C only).

Oxygen permeability approximately 0.01g/(m³d)
10 TIMES GREATER THAN BS 7291

Peace of mind > We provide security for you because **PipePlus+** barrier pipe comes with a
10 year insurance cover and an additional
50 YEAR MANUFACTURERS' WARRANTY
