

# Providing Life Safety and Protection To Business Continuity throughout the Gulf

**Checkmate Fire are a UK specialist passive fire protection company providing a professionally managed, cost-effective quality menu of services. As the first company in the Gulf to be registered under the LPCB Passive Fire Protection Installer Scheme, we are uniquely positioned to provide total fire compliance in new and existing buildings.**

We have operated in the Arabian Gulf since 2005, through agents Haven Fire & Safety in the UAE and Khayber Trading in Bahrain..

Projects and clients in the Gulf include: Jumeirah (Burj Al Arab, The Emirates Towers, The Madinat Complex), Sharjah Airport, the new Arcapita Bank Headquarters, Al Dur Power Plant, The Palm Jumeirah, Dubai Metro, Electroman, Du Telecom, BCL, Dubai, Alstom and Carrefour.

LPS 1531 Approved  
Appendix 1, 2 & 3  
Cert no: 860PI

We provide a cost effective and guaranteed “one stop” sealing, certification and testing solution to ensure fire compliance for comms rooms and other areas of great strategic importance.

In existing buildings we offer a range of passive fire protection services that include:

- Air leakage testing and air sealing
- Firestopping
- Acoustic sealing
- Compartmentation surveys

Damaged fire barrier in riser cupboard compromises the building's fire safety.

Riser cupboard with fire integrity reinstated.

## Case Study: Arcapita Bank New HQ, Bahrain

Checkmate Fire undertook work for main contractors Murray & Roberts, in consultation with W. S. Atkins at the new prestigious Arcapita Bank Headquarters in Bahrain Bay.

The work carried out consisted of a range of firestopping and compartmentation surveys and installation services.

Checkmate Fire ensured that the work was fully fire compliant and **guaranteed by LPCB Certificates of Conformity.**

LPS 1531 Approved  
Appendix 1, 2 & 3  
Cert no: 860PI

Checkmate's products and services meet all International Test Standards such as ASTM & BS476 and the requirements of General Directorate of Civil Defence.
