

BEACONS

ECCOLED Series - Gold R65 LED Beacons

The Gold ECCOLED R65 Beacon utilises 9 powerful LEDs, arranged to produce a 360° flash pattern by combining the solid-state, maintenance free long-life nature of LED technology. With additional features including multiple flash patterns, synchronisation, CISPR 25, Pulse 5a (load dump) protection and vigorous testing to the ECCO standard and OEM specifications. This high-performance range has increased EMC, is robust and compact in a popular housing design and is available in four standard mounting options. The ECCOLED range of beacons are suitable for a variety of vehicles including applications where the UK lighting regulation Chapter 8 is a requirement*. This range is designed to maximise resilience to excessive vibration, increase the life of the product and are backed by a five-year warranty.
