

BEACONS

EconomyLED Series LED Beacons

The EconomyLED beacon range is designed to offer a cost effective solution utilising the solid state maintenance free long life nature of LED technology. This high performance range is robust and compact in a popular housing design and is available in four standard mounting options. This range of beacons is suitable for a variety of vehicles including large vehicles, refuse trucks, recovery, fleets and highway maintenance. Green variants are typically used in an off-highway situation used to indicate from distance that the vehicle operator is wearing a seatbelt.

Models

PART NO.	COLOUR	VOLTAGE	LEDs	AMPS	MOUNT
DB5010A	Amber	12-24	8	0.35	3 Bolt
DB5011A	Amber	12-24	8	0.35	Flexi 1 Bolt
DB5012A	Amber	12-24	8	0.35	Flexi Pole
DB5013A	Amber	12-24	8	0.35	Magnetic
DB5010G	Green	12-24	8	0.35	3 Bolt
DB5011G	Green	12-24	8	0.35	Flexi 1 Bolt
DB5012G	Green	12-24	8	0.35	Flexi Pole
DB5013G	Green	12-24	8	0.35	Magnetic

Features and Benefits

- Polycarbonate lens and ABS Base
- Long life LED technology
- Operating Voltage Range 10-32
- Current Consumption: 0.35 amps @ 10V
- Operating Temp: -20°C to +50°C
- 360° light output
