

Digital Pressure Gauge with Hygienic Type Process Connection

Application

These Digital Pressure gauges with seals are intended for use with hygienic processes in the pharmaceutical and food industries

Pressure Rating

40bar depending upon pressure rating of connection

Gauge Specifications

Case	63mm 304 st st
Selectable Units	kPa,psi,kgf.cm ² bar,MPa
Accuracy	Class 1%
Supply	2 x AAA
Battery Life	12-24 months

Sampling Frequency	2 Times/Sec
Display	4 Digit LCD
Backlight	White
Electromagnetic Compatibility	EN16326
Date Retention	EEPROM

Seal specifications

Body: Stainless Steel 316L

Diaphragm: Stainless Steel 316L
IDF female union nut
RJT female union nut
DIN union nut
SMS female union nut
Tri-clamp
Homogenizer
Others POA

Operating temperatures: -10 Celsius to +120 Celsius
